

EXTENSION OF CANADA'S TRADE

Effort to Have British Consular Appointees Co-operate With Dominion Officials—Programme of Hon. G. E. Foster

REORGANIZATION OF EXTERNAL SERVICE

Negotiations Are Opened With the Imperial Authorities—Boards of Trade Will Be Asked to Assist

OTTAWA, June 5.—Negotiations have been opened by the Canadian government, acting through the trade and commerce department, with the imperial government in England with a view to having the British consular service co-operate with the Canadian officials in extending the trade of Canada. This important step is part of the programme mapped out by Hon. G. E. Foster for the complete re-organization of the external trade service of Canada. There is to be in the future far more strict and efficient supervision of trade agencies from Ottawa. Mr. Richard Grigg, the new commissioner of commerce, will have the oversight of the whole trade service and the collection and publication of statistics and information on trade matters. In this connection the co-operation of boards of trade is to be sought and their experience turned to account.

REVOLT IN MEXICO

Rebel Vanguard Is Again Close to Federal Front

CHICHUAHUA, Mex., June 5.—Slowly the rebel and federal armies are drawing together and within a few days the skirmishes may be expected west of this city as well as south along the Mexican Central railway, the result of General Huerta's northward advance from Torreon. The rebel vanguard, under Antonio Rojas is at Lauro, close to the federal front. The federal lines are at Bustamante, only twenty miles south of the position held by Rojas. Off towards the west appears the most threatening campaign of federals. General Balleza and Villa expect to form a junction with the federal cavalry under General Boz de la Luz Blanco, recruited in the state of Sonora. Nearly 4,000 men will compose the federal force when all commands west of Chihuahua are united according to information reaching here. To offset this move, the rebels have dispatched nearly 4,000 men under Colonel Felix Terrazas to check the federals at Santa Ysabel. Advice from rebel scouts declares General Huerta left his troops at Toluca and is dragging his heavy artillery overland. It is believed he will press the attack on the rebels before they can secure much needed supply of ammunition.

SOCIALISTS ARRESTED

Charge of Carrying Concealed Weapons at Street Meeting in Seattle

SEATTLE, June 5.—Six men and one woman were arrested at a Socialist street meeting at Second avenue and Union street tonight, as a complaint had been made that the crowd that gathered to hear the Socialists were interrupting traffic. Some of those arrested were charged with carrying concealed weapons and others with blocking the street. All were released on nominal bail.

Death of Major Stevenson

TORONTO, June 5.—Major James Stevenson, the first Grand Trunk agent in Toronto and later General Superintendent of the road who resigned 12 years ago, died yesterday in England aged 75. He served in the Fenian raids. He is survived by a widow, who is the sister of Vice-President Wainwright of the G.T.R.

GENERAL BOOTH

Head of Salvation Army Admits His Approaching Blindness

LONDON, June 5.—In a message to the Salvation Army yesterday General Booth, commander-in-chief, who recently underwent an operation for a cataract on his eye, says that in a few hours he may be compelled to announce to his comrades that he is hopelessly blind. The other eye has apparently been affected. The doctors still cherish hope that he may be able to distinguish light from darkness, but beyond that there is not much hope that the eye recently operated on will prove of any use.

"If the unexpected blow regarding the loss of my eyes has not actually fallen, as reported by the newspapers," says the head of the Army, "it is hovering dangerously near. Instead of the restoration of my sight, which I had hoped for and which I know you have earnestly prayed for, the doctors tell me I am on the eve of entire blindness."

General Booth was born in 1829.

Socialist's Citizenship

WASHINGTON, June 5.—Encouraged by a letter from Attorney General Wickham recommending the re-opening of the case depriving Leonard Olsen of Seattle of citizenship because he was a Socialist, Representative Berger of Wisconsin announced today his intention of urging impeachment proceedings against United States District Judge Hanford, who decided the issue.

JUSTICE FOR SEAL HUNTERS

Borden Government Is Quite Ready to Protect Interests of Victorians Interested in the Industry

Mr. Joseph Boscowitz, a director of the Victoria Sealing company, who has been in Ottawa for two months presenting evidence of the sealers of Victoria for compensation on account of the deprivation of their right to hunt seals at sea by the enactment of a treaty between Canada, United States, Russia and Japan, and of pelagic sealing for a term of fifteen years, returned yesterday.

Mr. Boscowitz was enthusiastic regarding the manner in which he was received by Premier Borden. Hon. J. D. Hazen, minister of marine and fisheries, and Hon. J. A. Macdonald, minister of the interior, were also present at the federal capital. He had interviews with Premier Borden, Hon. Mr. Hazen and others, and found the premier and members of the government anxious to see that justice was done to the sealers and to facilitate a settlement of the claim.

The United States government has not yet paid over the sum of \$200,000, the amount which is to be advanced to Canada under the treaty to be used, in part, for the compensation of the sealers whose industry has been taken away, and as soon as this money is paid over it is anticipated that a royal commission will be appointed to arrange the terms of settlement. A bill is now before the United States congress relative to the treaty, and it is expected that as soon as this becomes law the United States treasury will be instructed to pay over the \$200,000 to the Dominion. When this is done, Mr. Boscowitz expects that the government will appoint its commission, which will doubtless hold sittings in Victoria.

Compensate Owners and Employees

Mr. Boscowitz stated that he understood from the members of the government that it is proposed to compensate the owners of sealing schooners, the Victoria Sealing company, owners of the independent schooners, and also the masters, mates and hunters who were engaged in the sealing business when the sealers' industry was taken away. The employees of the owners of sealing vessels who were deprived of their occupation as a result of the taking away of the right of the owners of the sealing vessel to carry on their business at sea are to be provided for, and it will be part of the work of the commission to be appointed to provide the amount of compensation due to the various members of the sealing crews.

"I found the government anxious to see that the rights of the sealers were secured," said Mr. Boscowitz, "and I feel assured that the case of the Victoria sealers is safe in the hands of Right Hon. Mr. Borden, the premier, Hon. Mr. Hazen, minister of marine, and members of the government. They realize that it is only because the Victoria sealers have carried on this industry of pelagic sealing that Canada has any interest in the seal islands, in fact the fifteen per cent. share of the seals killed on the Pribilof Islands which Canada will receive from the United States, in addition to the ten per cent. from the Russian rookeries and twenty per cent. from the Japanese rookeries across the Pacific will accrue to the Dominion only because the Victoria sealers have given the country the right to do it by carrying on their business. It is well known, too, that had the Victoria Sealing company accepted the offer which Mr. Louis Davies, the then minister of marine, made in 1898, to pay the company \$150,000, and allow the retention of their schooners and the employment of their crews, the industry would have been lost to Canada."

LOCATION OF SEE IS CHANGED

Diocese of New Westminster to Be Administered From Vancouver District—Decision of Ecclesiastical Conference

CATHEDRAL ON SHAUGHNESSY HEIGHTS

Diocesan Buildings Are to Be Erected on Three Acres of Ground Between 26th and 27th Avenues

VANCOUVER, June 5.—Proposals by the Bishop of the diocese of New Westminster, backed by recommendations of the executive committee of the synod that the location of the See house and cathedral of the diocese be changed from New Westminster to Shaughnessy Heights, Vancouver, district, evoked one of the keenest debates ever presented at an ecclesiastical conference on the Pacific coast, during the afternoon session of the synod which opened in annual meeting at St. Paul's church schoolhouse today.

Rev. E. G. P. Baum, rector of Holy Trinity, New Westminster, objected to the first clause: "Recognizing the right of the bishop to place his chair wherever in his judgment it will best serve the interests of the diocese as a whole."

"This assumption," declared Rev. Mr. Baum, "is at variance with Catholic principles. We find throughout the history of the church that the bishop did nothing without the consent of the clergy and the people of his church."

Judge Bole (New Westminster) said he took issue with the principles and not with the individuals. He did not think that the executive committee should have the power to make such a resolution.

Mr. A. D. Taylor, K. C., Chancellor of the synod, said that he was of the opinion that the proposal did not be the least shadow of a doubt that the bishop had the right to change his "cathedra" when he thought it was in the best interests of the diocese to do so.

The first clause was withdrawn. The second was a recommendation approving of the taking up of the option on 3-10 acres of the corner of Granville street between 26th and 27th avenues for the site of the diocesan buildings on condition that provision be made to meet the first two payments.

This carried after over an hour's heated discussion, the division being 72 for and 22 against.

Sanctions Transfer

COBOURG, Ont., June 5.—The Bay of Quinte Methodist conference today sanctioned the transfer of Rev. C. L. Thompson of Sarnia, to the British Columbia conference.

TRAGEDY OF ALBERTA TRAIL

Body of Mounted Policeman Found Shot Through the Heart—Three Men Are Held on Murder Charge

FEELING RUNS HIGH IN PRAIRIE TOWN

MEDICINE HAT, Alta., June 5.—Stripped of gun and cartridge belt and with horse missing, the body of Mounted Policeman Frank W. Davies, of Brooks, with a bullet hole through his heart, was found lying on the trail Tuesday night two miles southeast of Southfork. Two Indians and a half-breed were arrested late the same night and are now charged with the murder. A party of men working for the Southern Alberta Land Company were going into Southfork when they came upon the body of the officer lying on the trail. The body was still warm and he had been dead only a short time. They immediately hurried to Southfork and an alarm was sent to the Basano quarters for the police. They hurried to the scene and soon rounded up the two Indians and the breed on the charge of killing the officer.

ILLNESS OF HER ROYAL HIGHNESS

MONTREAL, Que., June 5.—Improvement in the condition of the Duchess of Connaught was shown throughout the day and towards evening the alarming symptoms of the previous day had so much abated that it is now hoped that her complete recovery will be only a question of a short time.

EXPRESS TRAIN WRECK

More Injured When Colonist Cars Leave Track Near Gull Lake

WINNIPEG, June 5.—The Canadian Pacific railway's Winnipeg-Calgary express was wrecked last night two miles east of Gull Lake, Sask., on the main line.

Among the nine persons injured in the wreck are A. A. Estes, commercial traveller, San Francisco, arm crushed; Mrs. Odson, Seattle, cut on head; Mrs. Mary Sallstead, Washington, injured on head; Mrs. J. P. Cooper, Glasgow, Scotland, cut on head; Mrs. Allen Snelling, Bloomington, Middlesex, Eng., was injured on the knee.

The baggage and mail, colonist cars and two refrigerator cars left the track and were partially wrecked. The train was running about 40 miles an hour at the time of the accident, which was due to a broken rail.

INLAND REVENUE RECEIPTS GROW

Returns for Month of May Reflect Expansion of Trade in a Fifteen Per Cent. Increase on Last Year

In sympathy with all the other business statistics for the month of May, the returns of inland revenue receipts in this city show a marked increase. As compared with the same month a year ago, there is an expansion of fifteen per cent. The receipts for last month in detail are as follows:

Spirits \$13,924.83
Malt 5,568.78
Manufactured tobacco 1,931.50
Raw leaf tobacco 1,886.00
Clears 459.50
Methylated spirits 121.44
Malt liquor 946.25
Other receipts 1.08
Total \$24,643.33
The total receipts for May 1911, were \$21,703.12.

POLITICS IN BELGIUM

Despite Efforts of Pacification Acts of Violence Are of Hourly Occurrence

BRUSSELS, June 5.—The council of the labor party decided today against an immediate strike, in spite of protests by the Walloon delegates refusing such action for next month, in the event the government refuses to consider a measure for the revision of the introduction into the chamber. The Socialist and Labor parties have issued an urgent appeal to their followers to refrain from violence and to devote their energies to obtaining by parliamentary methods the abolition of the plural vote. This appears to have had no effect on the Walloon provinces where strikes are spreading. Acts of violence are of hourly occurrence.

Death of Senator Nixon

WASHINGTON, June 5.—Senator George S. Nixon of Nevada died in a local hospital here at ten o'clock tonight of spinal meningitis. Senator Nixon had been in the hospital since last Thursday when an operation for nasal catarrh was performed. Spinal meningitis developed and the senator's condition soon became critical. For the last twenty-four hours his death has been momentarily expected. Senator Nixon was one of the most conspicuous mining magnates in the west and was intimately associated with the gold operations in Goldfield in his home state. He was 52 years old and a native of California, going to Nevada early in life. He acquired large interests at Reno, Goldfield and elsewhere and began his political career in the Nevada legislature.

COBALT WIPED OUT BY FIRE

MONTREAL, Que., June 5.—A dispatch received by the Canadian Pacific Railway Telegraph company early this morning contains a report that Cobalt, in Northern Ontario, has been virtually wiped out by fire.

UNSEAWORTHY IN FINE WEATHER

Evidence Respecting Lifeboats of Titanic Given by Directors of White Star Company Before British Inquiry

INSUFFICIENCY OF ABLE BODIED SEAMEN

Impossible for Steamship Companies to Efficiently Man Boats Providing Accommodation for All on Board

LONDON, June 5.—Several hundred women of the fashionable set were in the galleries of the admiralty where the "Titanic inquiry" is being held, to hear the continuation today of J. Bruce Ismay's story of the wreck. Just before Mr. Ismay left the stand there was a dramatic passage, when Sir Rufus Isaacs, the attorney-general, reverted to Mr. Ismay's personal conduct.

"When the last boat left the Titanic, the one in which you had a place, you must have known that passengers were left on board," said the attorney-general.

"I did," responded Mr. Ismay. "Where were these passengers when your boat left?"

"I can only assume that they had gone to the after part of the ship. I really was not thinking about that."

Harold A. Sanderson, a director of the White Star line, stated on the stand that if the inquiry resulted in a decision to formulate regulations requiring all steamship companies to man their boats efficiently with able-bodied seamen, "those seamen don't exist in this country."

Mr. Sanderson said it would be impossible for such a ship as the "Titanic" to carry boats to accommodate all persons. He thought that even if fine weather prevailed the boats would be unseaworthy with 40 persons; forty would be as many as they could safely carry. In rough weather it would often be impossible to launch the boats at all.

Victims of Boating Accident

VANCOUVER, B. C., June 5.—James Whitehead and Charles Tucker were out in a boat today when it sprang a leak off Hollyburn, West Vancouver, and sank. Before aid could reach them Whitehead sank and his body could not be recovered. Tucker was picked up none the worse for his immersion.

Settling in Victoria

WINNIPEG, June 5.—A severe loss has been sustained by the Church of England in Winnipeg district by the departure for Victoria yesterday of Rev. Canon Cowley, rector for 28 years in St. James, and his sister, Miss Cowley. Canon Cowley has purchased a home there.

CHARGED WITH CRIMINAL LIBEL

Magistrate Reserves Decision in Suit Brought by Mr. Alvo von Alvensleben Against Vancouver Newspapermen

STATEMENTS IN GERMAN PUBLICATION

VANCOUVER, B. C., June 5.—T. B. Blockbanger, proprietor, and Dr. D. G. Schumacher, editor of the Western Canada Post, a German weekly published in Vancouver, were up for preliminary hearing by Magistrate Shaw today on a charge of criminal libel against Alvo von Alvensleben, a local broker. The alleged libel was contained in an undated supplement to the Western Canada Post, 2000 copies of which are said to have been distributed in Germany. The article was headed, "Who is German Consul in Vancouver?" and "Are the German Consuls Appointed by the Imperial Chancellor or in New Gatterleben?" The latter, Mr. Alvensleben stated, is the name of his father's estate in Germany. He claimed that the article reflected on his honor and integrity.

DEATH OF MR. E. BRETT

Calgary Real Estate Broker Killed in Victoria, Succumbs at Sea

BANFF, Alberta, June 5.—Mr. Earl Brett, son of Dr. R. G. Brett, died today. He had lately been engaged in the real estate business in Calgary, and was visiting his father's home in Calgary when taken ill.

The late Mr. Brett married Miss Madeline Stacpoole, daughter of Mr. F. J. Stacpoole, K. C., of this city, and their wedding was solemnized in Christ church cathedral a year ago last December.

Bigger Horse Show Entries

WINNIPEG, Man., June 5.—Ernest Gullek, of New York, judge of harness horses at the horse show which opened today said that it was the general impression in the present day that the motor car was taking the place of the horse but notwithstanding this the horse shows were all showing larger entry lists every year, and the prices of horses were getting higher. Some of the best horses, he said, being shown today are from Canada, especially saddle and hunters. In London last year Canadian horses made a splendid showing. During the first part of the season he was in Vancouver judging and later attended the London show and was surprised to find that the horses he had met in Vancouver, buying horses to ship to Vancouver for show purposes.

PLAIN SPEAKING ON FISHERIES

Attorney-General Receives Report of B. C. Representatives at Conference—Expresses Hope That Results Follow

"While it is too early to prophesy what legislation may result from the conference between the officials of the provincial fisheries department and the state of Washington senators appointed by Governor Fraser to consider fishing conditions on Puget Sound, I am convinced that good will accrue," remarked Hon. W. J. Bowser, commissioner of fisheries for British Columbia, yesterday, in discussing the recent mission of Messrs. J. P. Babcock and D. N. McIntyre to Seattle.

"Plain speaking rarely does anything but good," continued Mr. Bowser, "and I am convinced that Governor Fraser and the senators associated with him at the conference took the step as to conditions on the Fraser and Puget Sound offered by Mr. Babcock in the spirit in which it was meant. They desired to obtain the truth, and they obtained it, and from the report which I have received from Messrs. Babcock and McIntyre I believe that they have approached the recommendations offered in an earnest desire to better conditions and to conserve for all time the great fishery industry. The sockeye fisheries of the Fraser."

"Briefly speaking, the British Columbia delegation, after pointing out that the sockeye fisheries of the Fraser in three out of four years were dwindling rapidly, and that inroads were even being made upon the year class of the big run, drew attention to the fact that this was caused through the failure of a sufficient quantity of salmon to reach the spawning beds; that to ensure such a condition of affairs, an adequate weekly year class of time was necessary. They pointed out further that in the past, while British Columbia and the federal authorities had imposed such a weekly and yearly closed time, and enforced it by stringing patrol and inspection boats along the line had been practically a dead letter; that, no matter how desirous of enforcing the law their state commissioner might be, he had not the means at his command to do so."

"When asked what was necessary to remedy this, the British Columbia delegation suggested the adoption of the measures advised by the International Fisheries Commission, appointed Continued on Page 2, Col. 2

DOCK STRIKE NEARING AN END

Negotiations Looking to Settlement Introduce a Novel Element in Relations Between Capital and Labor

OBSERVANCE OF AWARDS BY JOINT BOARD

Transport Workers Offer Monetary Guarantees That They Will Abide by Decision of Government Arbitrators

LONDON, June 5.—Negotiations have brought the settlement of the dock strike appreciably nearer and introduced a novel element in the relations between capital and labor, which may have far-reaching importance. This was an offer by the transport workers' federation of monetary guarantees for the observance of the awards made by the joint board, which the government proposed to establish. The ship owners and other port authorities were to hold a meeting to discuss the new situation.

Another decision which has helped to relax the tension was that of the strikers to recognize the attention given to their demands for the recognition of the federation ticket altogether.

BROKER SENTENCED

Vancouver Real Estate Man Accepted Deposit on Lot He Had No Right to Sell

VANCOUVER, June 5.—Sandford G. Evans, a broker, was sentenced by Judge Mezes this afternoon to two years in the penitentiary for taking a deposit of \$100 on a lot he had no right to sell. Evans has already served terms for a similar offence both in Winnipeg and New Westminster.

Justice Morrison dismissed an action for \$22,000 compensation brought by Mr. F. J. Nogie as liquidator for the Macmillan Trust Co. against the Port George Land Co. The commission sought for was for the sale of the company's stock and also for Willow River land in the Cariboo country. The defence held that some of the lands had been sold away under the value and others above, and the surplus had far exceeded the contract price. A counter claim by the defendant company was withdrawn.

RAILWAY COMMISSION

Sessions in Vancouver During Latter End of July

VANCOUVER, June 5.—Information has reached the legal department at the city hall to the effect that the railway commission will sit in Vancouver this year in July instead of September, as in former years. The sitting will probably be held between July 15 and July 31. Darcy Scott, vice-chairman of the board, notified the legal agents of the city of Ottawa to this effect last week.

Among civic matters to come up are: The application of the city for approval of plans for the Carrall street subway, for approval of the proposed construction of an overhead bridge across the C.P.R. tracks, between Gore and Main, and for approval of the plans of the Georgia-Harris street bridge.

It is believed that the matter of street crossing protection in the business center of the city by means of a tunnel from Burrard inlet, through the False Creek, for the C.P.R. switching transfer line, will also form a subject of discussion at the forthcoming commission session. The city will also present its formal opposition to the application of the C.P.R. on behalf of the Lulu Island Railway company for street crossing in connection with the double-tracking in the city of the Lulu Island line.

Cooking By Electricity

Think of a stove that will emancipate the housewife from the stifling heat of the kitchen, eliminate the servant problem, cut doctor bills in half, add fifty per cent. to the leisure hours of its operator, or afford that much time for other duties, automatically prepare all kinds of food at any hour of the day or night, without supervision or control other than its own, cook the food in a more thorough, digestible manner than is possible by any other process, and do all these things at a cost that compares favorably with present methods. Then cook the Electric Way. Any electrical store in Victoria can supply electric ranges. Our rates are low for this class of business. Full particulars cheerfully given.

BRIDGE COMMITTEE IS NAMED BY MAYOR

Will Immediately Take Up Consideration of Project to Span Inner Harbor at Laurel and Songhees Points

Mayor Beckwith has followed the suggestion made at the recent meeting of residents of James Bay, at which the necessity and advisability of the erection of a bridge across the inner harbor from Laurel Point to Songhees Point was discussed. It was decided that the mayor be requested to nominate a committee of fifteen representative citizens to consider the matter, not from a sectional standpoint, but from the standpoint of the city at large, and his worship has named a committee which, he believes, will be representative of the leading interests of the city.

This committee will be composed of the following gentlemen: Mayor Beckwith and Aldermen Oskell and Porter, representing the city council; Mr. H. G. Wilson, president, and Messrs. F. A. Pauline and J. J. Shalloose, representing the board of trade; Messrs. A. H. Harmon, Arthur Lee and Lieut.-Col. Currie, representing the Victoria real estate exchange; Senator Macdonald, Mr. Delbert Hankin and Mr. Andrew Bechtel, representing the inner harbor association, and Messrs. George A. Caldwell, Christian Sivertz and one other, representing the Trades and Labor Council. It is the intention to appoint Mr. Thomas Sorby, secretary of the Inner Harbor Association, as secretary of the committee.

Mayor Beckwith will convene the committee at an early date, when the whole question will be fully gone into. With the proposed development of the outer harbor and the former Songhees Indian reserve now under consideration, no time will be lost by the committee in taking up the subject of bridging the inner harbor, as it is realized that to make the outer harbor works of the greatest benefit to the city rail connection via a bridge from the reserve to the harbor will prove a most important factor in the development of the city's commercial welfare.

LEAVES TO PRESENT MEMORIAL TO PREMIER

Delegation Representing Vancouver Island Goes to Ottawa to Urge All-Rail Connection With Mainland

To present the memorial urging upon the Dominion government the necessity of all-rail connection with the mainland, the delegation representative of the city council, the board of trade, Victoria real estate exchange and Vancouver Island centres leaves Vancouver today en route to Ottawa. Alderman Cuthbert, representing the city council and Port Alberni, left the city last evening, and the other members of the delegation, Mr. C. H. Lugin, appointed by the board of trade, and Mr. Beaumont Boggs, president of the real estate exchange, leave this afternoon.

The memorial will be laid before Right Hon. R. L. Borden, who has fixed the 10th inst. as the date on which he will confer with the Victoria delegation, which will be introduced by Mr. F. H. Shepherd, M. P. The gentleman will represent Nanaimo on the delegation. Mr. Shepherd yesterday notified Alderman Cuthbert, chairman of the committee to which was allotted the task of preparing the memorial, that he would join the delegates en route to Ottawa.

NO CRIMINAL CHARGE

Evidence Lacking to Show James Walker Had Any Connection With Shipmate's Death

Investigation by the attorney-general's department has failed to elicit any evidence warranting the laying of any criminal charge against James Walker, fireman on the cable ship Restorer, who was with Thomas Brocklebank, also a fireman on the same ship, when the latter was drowned in Esquimalt harbor last Saturday morning.

The evidence of one of the witnesses at the inquest, Mr. Stone, that he had seen the two men in a boat near the wharf at Esquimalt and later had heard the wailing and one of them—he did not know which—shouting "Let loose of me," induced the provincial police authorities to retain Walker in custody pending further investigation of the case.

But no evidence connecting Walker with Brocklebank's death can be secured. Walker, according to the captain of the Restorer, has always borne an excellent character. For some time he had been attending Brocklebank, who had been suffering from an injured foot, and the two, it is stated, were very friendly. It is believed that they were unaware of their dangerous position while attempting to get back to land in the boat they had purchased, and that Brocklebank fell overboard. Walker will probably be charged with creating a disturbance, but beyond that the authorities do not feel inclined to go.

LABOR COUNCIL AMENDS ITS LAWS

Prohibition of Politics and Religion Is Now Removed—Delegates Need Not Be Workers at Trades

The Victoria Trades and Labor Council last night ended a struggle of some duration by amending its constitution in a radical manner. The existing body of laws governing that body had been in the hands of a committee for some time, and its report has been lying before the council for the past few meetings. It was proposed to amend it in only four particulars, one of these being purely technical.

By a vote of 25 to 17 last night the amendment as a whole was decided upon, after one of the most animated sessions the council has had. The three important changes made can best be understood by quoting the wording of the constitution. The original "declaration of purposes read as follows:

"For the purpose of extending, strengthening and perpetuating the organization of labor in the city of Victoria; to improve its present social conditions; to resist the imposition of additional burdens; to mitigate the evils of unjust and unnecessary legislation; to enforce existing laws in favor of labor; and prohibit the imposition of Chinese; to establish eight hours as a legal day's work; to disseminate knowledge, and in every practical way advance the material welfare of the wage-earners, individually and collectively; the various trades and labor organizations of the city of Victoria do hereby combine their influences, and adopt the following constitution and bylaws for their future guidance."

For this has now been substituted the following:

"The events that are transpiring at the present time, when the conflict between the workers and the employing class is becoming more pronounced from day to day, to wit: the ever-increasing army of unemployed, brought about by the concentration of wealth into the hands of fewer individuals. It therefore behoves the wage-earners in all departments of industry to concentrate their forces upon the political and industrial field."

"When thus organized, the prime motive will be to secure possession of the resources of nature and to own and control all the mechanical appliances used in the production of wealth."

"Believing this to be the only solution of the troubles that beset human society, we hereby unite under the following constitution and bylaws."

"The requirement of membership in the council as amended by striking out the following section: 'No person shall be eligible as a representative who is not a practical working man, earning his livelihood at the trade or calling which he claims to represent.'"

Another section which is struck out is that dealing with prohibited questions, as follows: "This council shall not, under any pretence whatever, introduce or discuss religion or party politics. This section shall not be construed to prevent the free and ample discussion of any measure or principle involving the interests of organized labor."

Discussion was Lively

The question of adopting the constitution as amended was brought up on motion of Delegate King, who wished it adopted as a whole.

Delegate Webb moved in amendment, seconded by Delegate Nagel, that the vote be taken clause by clause.

Delegate P. R. Smith moved an amendment to the amendment that the roll be called on every vote and no discussion be allowed. After a lively and lengthy discussion the amendment was declared lost on a vote of 25 against and 19 for.

The chair then took a vote on the recommendation of the constitution committee to strike out the constitution be adopted as a whole, the result of the vote being 25 in favor of adoption of constitution as amended and 17 against.

The discussion became very animated, as many delegates, led by Delegate Webb, maintained that the adoption was illegal unless carried by a two-thirds vote.

The chairman maintained that the vote was legal and that the constitution was now adopted.

The ruling of the chair was questioned, and Vice-president Sheen took charge of the meeting while a vote was taken on the question: "Shall the chair be sustained?" As a result of the vote he declared the chairman sustained.

Several delegates still insisted and did so very vigorously, that the ruling of the chair was unconstitutional, and that the constitution could not be legally adopted in face of the fact. Some of them gave notice that their unions would withdraw from the Labor Council, and that the largest and liveliest meetings that the council has held for many a day.

Labor Hall Plans

The question of increasing the capitation tax was laid on table for six months.

The labor hall committee presented a lengthy report through Delegate Sivertz, showing that many improvements had been made in the quarters and that many more would soon be made including the introduction of a fire alarm system and a fire escape. A construction firm has made a very favorable offer for part of the hall flat, to be used as a workshop.

After a lengthy discussion it was deemed inadvisable to accept the offer.

The committee representing the council on the harbor improvement board made a lengthy report, the gist of which has already appeared in the press.

Delegate Martin reported on behalf of the special committee in connection with picketing during strikes and other labor troubles. The report recommended that the city council be requested to enact such laws as will always permit peaceful picketing.

A letter was received from Hon. J. D. Heston in explanation of the wages paid various workmen employed in the government dock and shipyards. The letter was discussed and ordered filed for future reference.

City Clerk Dowling wrote promising that the questions named by the secretary with regard to better ambulance service would be laid before the council at an early date.

Union Label Campaign

The secretary of the Typographical Union and the Allied Printing Trades wrote strongly urging that energetic steps be taken by the council, and also by the various unions, to push the recognition of the union label.

After some discussion it was decided to appoint a union label committee, with instruction to enter into arrangements that will result in a very vigorous campaign. This committee consists of Delegates Coldwell, Sivertz, Abery, Jewell and Davidson.

The hospital committee was instructed to formulate plans showing how the labor council can best assist the ladies' auxiliary with hospital work, and to report to the council next meeting.

Delegate Coffee, of the building trades council, wished the labor council to take into consideration the advisability of employing a lawyer to attend all cases in which labor was interested, which would mean that the lawyer in question would always be ready to defend individual members of the unions in cases arising out of labor disputes, suits for compensation in case of injury, and in fact to represent organized labor on all occasions when a legal adviser was necessary.

Some delegates thought that the B. C. Federation of Labor ought to engage a lawyer who would always be ready to act in the interests of organized labor throughout the whole province, while others maintained that there must be a lawyer for local purposes, apart altogether from provincial affairs.

The following committee was appointed to take the matter up and advise the council by a report in detail at its next meeting: Delegates Coldwell, Nagel, Smith, H. J. Sheen and H. King.

President Perrott occupied the chair at last night's meeting. Credentials were presented as follows:

Boiler Makers and Iron Shipbuilders—J. McKinnon.

Typographical Union—S. V. Bowers, E. A. Abery and Geo. Coldwell.

Machinists—A. Rogers.

Amalgamated Carpenters—C. J. Farrar and R. Altkan.

Hotel and Restaurant Employees Alliance—Jos. Polta.

Bartenders' Union—Geo. Thornley.

Printing Pressmen—Delegate Jameson.

FRENCH LAWSUITS HAVE HUMOROUS SIDE

PARIS, June 5.—A mild looking lady last winter went to a Paris gunsmith's shop and bought a revolver. She showed her at her request, how to load and fire it, and sold her also a box of cartridges. She went straight from the shop home and there shot her husband dead. After that she took the next train to a suburb, where her sister-in-law lived and shot her dead also with the new revolver.

Apart from criminal proceedings an action in \$70,000 damages has now been brought by the relatives of the murdered woman, and by the legal guardians of the gunsmith's "little girl" against the gunsmith. This is a new idea in legal proceedings, and might prove a happy one. If gunsmiths are held liable in damages for the murders committed with the firearms, they might be more chary of supplying customers without sufficient guarantees of respectability or personableness.

"I want to be arrested. I have just killed my father," a boy of 17 said to the policeman on his beat in front of one of the Paris town halls. He was taken into the police station, and told his story. His father had been drinking heavily, and for the last six months there was hardly any peace in the house. His father constantly threatened to kill the boy's mother, and the boy as well. The other night he was late for dinner, and came home drunk as usual. He started a quarrel at once, because, he said, the dinner was cold. He flung the plates, glasses, and everything on the table at his wife and smashed an earthen jug on the head of his son. He next began sharpening a big knife, and when his son asked what he was going to do with it he said, "This is to murder you." He dashed at the boy with the knife and wounded him in the arm. It was then that the boy picked up a hatchet for breaking wood in the kitchen and struck his father on the head. The man fell down, and never spoke afterwards. When a doctor arrived he was still living, but he expired as he was being conveyed to the hospital. The mother confirmed the story of her son, who was kept in custody.

French courts rarely have to deal with breach of promise cases. They discourage them systematically by amazing decisions, but a change is perhaps coming. Within the last few days French courts have touched the opposite extremes. In one case they awarded in what seemed to be a very good case for the plaintiff only three francs damages, but in the other they have awarded what in France is an astounding sum, namely, \$2,000. This constitutes a record in French law, a breach of promise. The average hitherto has been a small alimony, if there was a child, of five or ten francs a month, and a round sum of \$50 or \$100; but the idea of awarding \$2,000 seems never before to have occurred to the mind of a French judge.

The case in which this "fabulous" sum was allowed was that of a young woman who had been promised marriage by a well-to-do butcher's assistant. The court, at least, assumed that he was well off, and as there was no reason for his breaking off the promises marriage he is to be made to pay the penalty.

NEWS OF THE CITY

Watched Chinese Lottery—William Percival, John Bowen and L. Mandrick, charged with having been lookers-on at a gambling game, namely, a Chinese lottery agency, were each fined ten dollars in the police court yesterday.

Poultry Association—At next meeting of the Victoria Poultry Association, to be held on the last Friday in the month, Mr. H. E. Upton, the assistant poultry instructor of the department of agriculture, will deliver the address of the evening. At the last meeting Miss Trench, a breeder from Alia, Alberta, was persuaded to deliver an impromptu lecture which was much enjoyed by the members present.

Brotherhood Movement—A further meeting of those interested in the formation of a "British Brotherhood" association in Victoria was held at the Y. M. C. A. last night. A committee was appointed to foster interest in this movement and generally clear the ground before commencing active work. Mr. J. E. Andrews was chosen, subject to his acceptance, as president, and Mr. H. Knight as secretary.

Captive Deer Enjoy Freedom—Three captive deer, the property of Mr. John Arbuthnot, Rockland avenue, captured yesterday morning from the grounds in which they were confined, and all day yesterday enjoyed their liberty, roaming at large through the Fairfield estate. One of the animals was caught by workmen employed near Shotbolt Hill, but the other two had been so startled by the efforts of men and boys to catch them that they fled into the timber near Foul Bay and could not be captured.

Building Permits—Permits for structures aggregating \$27,000 were issued yesterday by the building inspector to the following: Mr. G. H. Sluggert, garage on Dallas road, \$200; Mr. G. W. McIntosh, dwelling on Amphion street, \$1900; Mr. C. B. Schreier, dwelling on Poul Bay road, \$3300; Mr. H. P. Lawson, dwelling on Montrose avenue, \$2300; Miss Hadd, dwelling on Cook street, \$15,000, for which Mr. Thomas Hooper is architect and Mr. George Calder contractor; Messrs. Bristol Bros., dwelling on Iffindub avenue, \$2800; Messrs. McLean Bros., dwelling on Victor street, \$1800.

Epworth League—The Epworth League of Victoria West Methodist church held a picnic at Macaulay Point on Monday afternoon, and in the evening held the regular devotional service there, led by Miss Beattie. The evening closed with a bonfire on the beach. The meeting next Monday evening will be under the social department, led by Miss Brown, and will take the form of a debate between the junior Bible class and the young ladies of the league. The subject will be "Country life vs. city life." Refreshments will be served. A collection will be taken in aid of the piano fund.

Y. M. C. A. News—A baseball match, the first of the season, has been arranged by the Y. M. C. A. juniors against the juniors of Oak Bay for Saturday afternoon next, on the high school ground, beginning at 2:30 p. m. Arrangements are being pushed forward for the holiday camp for the boys' department, which will be held during the last two weeks of July in the Guelph district on the Saanich Arm. Those responsible for its organization are very anxious to obtain two boats for the use of the boys, and would be glad of any assistance in procuring these.

Looking to Vancouver Island—A general storekeeper from Redhill, Surrey, England, writes to the Vancouver Island Development League, asking what his prospects would be out here. A German settler from Calgary would like to buy fifteen acres or so for poultry and market gardening, and has friends at home in Germany who would also like to hear about the island. A Vancouver man makes particular inquiry concerning the Alberni district, and intends, if conditions suit, to settle there. Other letters were received from Downham, in the Isle of Ely, Edinburgh, and several places in Alberta. A gentleman from India called at the office yesterday on his way to locate a home at Duncan.

Objects to Limit for Buildings—The proposal was made by the Victoria Real Estate Exchange to the city council that a limit upon the height of buildings to be erected in the city should be made, no buildings of a height of ten stories or at most 100 feet to be permitted. This is objected to by Mr. W. H. Dougan, who has written the council urging that no limit be fixed and setting forth that, provided proper care is taken in regard to structural strength and lighting facilities, no limit need be fixed. He points out that he is at present considering the advisability of erecting a building of more than ten stories upon his own property, located at the southeast corner of Douglas street and Pandora avenue, where he owns a frontage of 90 feet on Douglas street and 120 feet on Pandora avenue, and he states that it is hardly to be expected that owners will invest large sums in the erection of up-to-date buildings unless assured that the financial returns will warrant the expenditure.

Dr. Ryan's Lecture—Dr. Helen Ryan's address to the Mothers' club of the Metropolitan church, which was given yesterday afternoon, was full of sound practical advice. In a most interesting way Dr. Ryan explained to the mothers present numerous facts the ignorance of which on the part of women causes loss and much suffering. **Illegal Liquor**—Ballymore, Grace Hamilton, of 416 Parry street, was convicted in police court yesterday of selling liquor without a license and was fined \$200. Evidence was given by Messrs. Anderson and Kelly, employed by the police to go to the premises, of having purchased liquor from accused, who denied when she entered the witness box having ever seen the two police witnesses. Detective Inspector Perdue and Sgt. O'Leary told of the raid on the place and of seizing five dozen bottles of beer. Accused maintained that the stock had been laid in for a picnic to have been held the day following the arrest. Mrs. Hamilton and Mrs. Lela Chamberlain and T. J. Chamberlain are charged with helping the keeper, inmate and frequent user of a disorderly house, and this charge will be investigated today.

Bank Clearings—The bank clearings in Victoria for the week closing June 4, amounted to \$2,540,537.

A Delight to the Eye—Some time ago a suggestion was made in these columns that it would add much to the beauty of the city if vacant lots and other odd corners were sown with mixed flower seeds, as is done in some American cities. There is a patch of grass close to the corner of Cook and Vancouver streets that is one mass of blue cornflowers, grown without any other trouble than that of scattering the seed in among the grass, and which delights the eye of every passer-by.

More Excavations—Necessity is proving a hard taskmaster over at the parliament buildings, the demand for more space gradually expressing itself in the disappearance of old wooden structures and the erection of great girders embodying the promise of substantial and enduring buildings. The most recent victim among the temporary structures is the one at present occupied by the engineering staff, and it has to go in order to allow the contractors to excavate for the foundation of the new east-side wing.

Deaf Children

There is much unnecessary, if unintentional, cruelty practised by those who have charge of children who are partially deaf. The dulness of hearing, which is often carefully concealed by the sensitive child, often gives an impression of stupidity which is very far from the truth. Mothers and fathers rebuke little ones for what seems inattention. Even when they know the truth, they send pupils to school without telling the teachers that they cannot hear well. How many children are blamed for not listening to instruction which they cannot hear is seldom realized. Older children learn to adapt themselves to circumstances. If the teacher is kind and discerning, as well as sympathetic, the reason of the seeming dulness or inattention will be discovered and guarded against. Otherwise the pupil is likely to "discover" some device by which he can hear near the teacher, and in the meantime, it is well if a feeling of resentment at what seems unjust is not ruined the pupil's temper. At a meeting for child study held recently in the University of London a physician gave some interesting information about deaf children and offered some suggestions concerning those whose hearing was defective. This gentleman, whose name is Dr. J. Kerr Jones, thought that parents of the deaf were slower than in those who can hear, and deaf mutes were seldom great readers. On the other hand, they played cricket well. A team of deaf hockey or football players could not be beaten by any inferior team of those who can hear, and a corresponding team of hearing boys and girls. Deaf boys swim as well as hearing boys; they ran as fast, and they made excellent handicraftsmen. Wherever hand and eye, muscle and bone, tendon and nerve were the chief factors which made for success the deaf were equal to the hearing; but without the great cortical centre which linked sound to muscular movement by the sense of touch, thought, memory, were slower. Were attempts made to use the five years which are now lost to deaf children (the years from two to seven), and were the education of deaf children carried on till 18 instead of 14 years, as at present, they would leave school with much better speech, and with a command of language comparable to that of the hearing child. He suggested that every effort should be made to use the remaining speech and hearing of deaf children, and that the semi-deaf and semi-mute should attend special schools from which the true deaf and dumb should be excluded.

Cost of Distribution

A committee which has been at work for three months in New York state makes the disquieting statement that forty cents of every dollar spent for food is absorbed by the cost of distribution and that the producer gets only thirty-five cents of the dollar for the food which he supplies. This committee does not charge that any class of merchants makes an undue profit. There are not many people who suspected the sixty-five per cent. cost to the consumer was lost to the producer. We know, of course, that in our own province the gardeners and fruit growers do not get as large a price for their fruit and vegetables as we pay in the city, but even here, where transportation facilities are not good, we have no idea that the difference is so great between the price we pay and the country people receive. In the city of Portland, Oregon, there is a strong agitation for one or more public markets. This, it is believed, will be a means of drawing consumers and producers together. Whether in our own city, where a large part of our food is imported, a market would do much to relieve a situation of which all complain is very doubtful.

SOCIAL AND PERSONAL

Miss Sorby, Quebec street, is spending a few days in Tacoma.

Mrs. E. B. McKay is down from Duncan, staying at the Alexandra Club for a few days.

Mrs. Elliott, View street, will not receive today, nor again till the first Thursday in October.

Miss Conlin leaves today for Portland to be present at the rose carnival.

Mrs. J. H. Baker will receive today and not again during the summer months.

Mrs. John Elford, 1228 Fort street, will not receive today nor again during the summer months.

Mrs. Geo. M. McDonald, Riverside, California, is spending the summer months with her daughter, Mrs. E. N. Morey, 1202 Fort street.

Mr. and Mrs. Rutherford, with Miss Wainfield, of Tacoma, British Columbia, have left the city to take up their residence at Duncan.

Bishop Roper spent yesterday in Vancouver, where he preached at a service held in connection with the synod of the diocese of New Westminster now in session there.

Mrs. W. S. Weeks, with her daughter and son, of Edmonton, have arrived from California at the Glenholme Inn, where they purpose spending some weeks.

Mr. J. D. A. Tripp, the well-known solo pianist and conductor, was in Victoria yesterday acting as examiner for the University of Toronto in the piano examination.

The marriage of Mr. John Douglas Potter and Miss Lucy M. Kremer, both of Seattle, took place yesterday afternoon at the Metropolitan Methodist church parsonage, Rev. T. E. Holling officiating.

Rev. T. E. Holling officiated at the marriage of Mr. Alfred Henry G. Nunn and Miss Elsie Richards, both of this city, which took place last evening at the home of the bride's parents, Mr. and Mrs. Richards, 645 Niagara street. The ceremony was witnessed by a large number of friends of the happy pair.

Mrs. Thomas Hooper will receive on Saturday afternoon, June 8, from 3 to 5.30, in the drawing room of the Empress hotel, and not again for the rest of the season. Mrs. Hooper has recently returned after a long absence from the city, and will be pleased to see all her friends on this occasion, which is quite informal.

Yesterday morning at 7.30 Rev. Father Silver, assisted by Rev. Father MacDonald, celebrated at St. Andrew's cathedral the marriage of Mr. D. W. Power, secretary of the board of trade, Vancouver, and Miss Mary Isabella McDonald, daughter of Mr. and Mrs. J. D. McDonald, 1016 Pandora avenue. Miss Jessie McDonald, sister of the bride, was bridesmaid, and the best man was Mr. McRae, of Vancouver. The ceremony was celebrated on Tuesday evening in the Church of Our Lord between Mrs. Martha Winifred Clark and Mr. Harry Simmonds, of Lake Hill. The bride was given away by her brother, Mr. W. Mead. The bridesmaid in attendance was Miss Lena Newton, and the best man Mr. W. W. Newton. Rev. Thos. W. Gladstone conducted the service, after which a reception was held at the residence of the bride's brother, 664 Dallas road. The newly wedded pair left for the mainland by the night boat.

A pretty wedding was solemnized yesterday at noon in Christ church cathedral, when Elsie Annie, daughter of Mr. and Mrs. Alfred C. Molhuish, of this city, became the bride of Mr. Arthur Edwin Cooter, son of Mrs. Cooter, of Byron street. Rev. William Barton officiated, and Mr. Pauline presided at the organ. The bride, who looked charming in white satin with veil and orange blossom, and carrying a shower bouquet of white roses, was attended by Miss Maude Brady, who looked very pretty in a costume of pale blue silk with a picture hat to match. Mr. T. E. Cooter, brother of the groom, acted as best man. At the close of the ceremony the bridal party left the church to the strains of Mendelssohn's wedding march and repaired to the home of the bride's parents, where luncheon was served. Mr. and Mrs. Cooter left on the 4.30 boat for Seattle on their honeymoon trip, and on their return will reside at Oak Bay.

The interest that his many friends in Victoria feel in his career was evidenced by the reception tendered Rev. Father Silver, newly ordained to the priesthood, on Tuesday evening by the members of the Young Men's Institute at their rooms on View street. During the evening the members presented the young priest with a beautiful vessel for the holy oils, and a stock call note, the presentation speech being made by the president, Mr. John McKenna. Father Silver expressed his gratitude in a few brief words, speeches being afterwards made by Father Lehman, Father O'Rourke, chaplain of the Y. M. I., Father MacDonald and Father McHugh, of Seattle. The latter was a classmate of Father Silver at Menlo Park, California, for eleven years, and was well able to speak of the many excellent qualities of his friend. Mr. and Mrs. J. F. Silver also gave a reception in honor of their son on Trinity Sunday evening, which was attended by a number of the local and visiting priests, members of the family and other friends. Father Silver will be assigned to duty on July 1 by the bishop of Victoria.

A very pretty wedding was solemnized by Rev. Father MacDonald on Monday, June 5, at St. Andrew's cathedral, when Miss Mary Loretto Neville, second daughter of the late Capt. Wm. Neville, of Ottawa, and Mrs. R. E. Steele, of Victoria, became the bride of Mr. Samuel James Shanks, second son of Mr. and Mrs. S. H. Shanks, of Victoria. The bride, who was given away by her brother, Mr. W. B. Neville, looked very pretty in a cream serge tailored suit, with white hat trimmed with ostrich, and carried a flower bouquet of bride's roses and lilacs of the valley. She was attended by her sister, Miss Norma

Neville, and Miss Stella Devlin, in white Swiss embroidery with Honiton lace hats and carrying bouquets of pink carnations. The groom was supported by his brother, Mr. R. H. Shanks, and Mr. R. Colbert and Mr. J. King acted as ushers. The church was very prettily decorated with Marguerites and sword ferns by friends of the bride and groom. The gift of the groom to the bride was a gold monogram watch to the bridesmaid a gold locket and chain and an amethyst pendant, and to the best man a pearl scarf pin. Mr. and Mrs. Shanks were the recipients of many handsome presents from Ottawa, Toronto, Calgary, Revelstoke and Victoria. They left on the 2.15 boat for Vancouver, en route for California. The bride travelled in a blue tailored suit with hat to match. Mr. William Henry Waite, of Zealandia, Sask., and Miss Charlotte Thrasher, daughter of Mr. and Mrs. A. Thrasher, 2543 Quadra street, were married yesterday afternoon at the home of the bride's parents, the ceremony being performed by Rev. T. E. Holling, pastor of the Metropolitan Methodist church. Mr. Carl V. Katman, of New Westminster, acted as best man, while Miss Fanny M. Thrasher was bridesmaid. The ceremony was witnessed only by the immediate friends and relatives of the happy pair. Mr. and Mrs. Waite left for Zealandia on the midnight boat.

An interesting wedding was performed yesterday morning at the Bishop's Palace, Victoria, when Rev. Father MacDonald united in marriage Mr. George Kenneth Gillespie, fourth son of Mr. and Mrs. George Gillespie, of Highwood, Moss street, and Miss Josephine Alice Marquet, youngest daughter of Mrs. L. Marquet, of Bedford, 167 Government street. In the absence of the bride's brother, Mr. Henry Marboeuf, who was to have given her away, she entered the palace upon the arm of Mr. J. Butlin, looking charming in a lovely gown of soft white satin, the skirt of which was draped with point de Venise lace, the empire bodice being trimmed with lace and nylon. With this she wore the conventional veil and orange blossoms and carried a bouquet of white bride roses. Her sister, Miss Louise Marboeuf, made a pretty bridesmaid in pink satin veiled with white chiffon with a hat to match, and carrying a bouquet of pink carnations. Little Miss Lorna Schell, in white marquisette with a white lace hat trimmed with pink roses, acted as flower girl, carrying a basket of pink sweet peas tied with blue tulle. Mr. Hebben Gillespie, eldest brother of the groom, was the best man. At the close of the ceremony the bridal party repaired to the residence of the bride's parents, where a reception and wedding breakfast were held, and where Mr. and Mrs. Kenneth Gillespie received the congratulations of a large number of friends. They afterwards left for the Seattle hotel, where they will spend their honeymoon, returning in two weeks' time to take up their residence at Cowichan lake. Both received numerous and handsome presents. The groom's gift to the bride was a pearl and opal necklace, to the bridesmaid a silver card case, to the flower girl a brooch, and to the best man gold cuff links.

Federal Statistics

OTTAWA, June 5.—Following up Hon. G. E. Foster's determination to secure a uniformity of federal statistics, the cabinet has appointed an inter-departmental committee to consider the present position of overlapping and devise some uniform plan of statistics which will prevent duplications and which will be authoritative. The committee is composed of Mr. Richard Grigg, superintendent of commercial agencies, as chairman; E. H. Godfrey, W. A. Warne, J. R. Bristol, R. H. Coates and Prof. Adam Shortt.

Leasing Farms to Aliens

PUYALLUP, Wn., June 5.—Among the resolutions introduced at today's session of the Washington State Grange were two calling for state supervision of stock selling companies to prevent frauds, one protesting against the leasing of farms to Japanese, Chinese and other aliens, and urging the exemption of fruit trees from taxation. Protesting against efforts to recruit the army and navy from among farmers' sons, declaring against the rule permitting the national grange to suspend or expel members and calling for a bank deposit law and a law to prevent officials of school districts from prohibiting the use of schools or public buildings for public purposes. The resolutions were referred to various committees to be reported back to the convention.

Burns Given Decision

OAKLAND, Cal., June 5.—Frankie Burns, of Oakland, was given the decision in the eighth round of his fight against Louis Reese, of Los Angeles, the verdict having been reached by a foul. Burns, a well-known lightweight, had all the best of the fight up to the eighth round. Reese jumped from his corner as the bell rang, however, and after an exchange of blows, rushed Burns across the ring. A fierce mixup against the ropes followed and Burns dropped to the canvas claiming to have been disabled by a blow in the groin. Referee Toby Irwin allowed the foul and gave the decision to Burns. Spectators at the ringside said that the blow if foul was undoubtedly accidental.

Motor Cyclist's Delusion

CLEVELAND, O., June 5.—Brownie Clarke, the Australian motorcyclist, finished four laps ahead of Frank Selie of Cleveland in a 100-mile race on a quarter-mile track here tonight. Clarke finishing in 15 minutes 13.4 seconds. Clarke was collected when he hit his machine. He was taken to a hospital and at midnight he was pronounced still supposed he was riding his machine.

Castro's Illness

A despatch from Tenerife, Canary Islands, says Cipriano Castro, the former president of Venezuela, has been there since April 13. Just now he is seriously ill, and he will probably come to Berlin soon to undergo another operation similar to the one of a year ago. His condition is such that he has given up all hope of returning to Venezuela and making an attempt to secure his old power.

MELEE IN PARLIAMENT

Fear of Riot Leads to Suspension of Sitting at House of Commons

BUDA PESTH, June 5.—Proceedings in the diet today looked so much like developing into a free fight that Count Tisza suspended the sitting within a few minutes. The counts appeared as the signal for an outburst of curses and personal opprobrium, and a chorus of toy instruments drowned all attempts to speak. All indications pointed to the probability of a fight. All approaches to the parliament were protected by detachments of landmarch and police.

During the recess the members of the ministerial party left the house, and the police entered and after a scuffle expelled 30 members, who had been named by the president for systematic disturbances. When the sitting was resumed the opposition stirred up another melee and then withdrew. The police again were called in. A number of riotous deputies who had been ordered excluded, succeeded in breaking through the police barriers and taking their seats. By Count Tisza's direction the police ejected them.

A Fine Memory

At a little dinner the other night the assertion was made that the negro race had longer memories than the white folk. Ex-Governor Bunn of Pennsylvania, who was present, agreed with the remark, and to prove it told the following: "Some years ago, when in the South I met an old colored man, who claimed to have known George Washington. I asked him whether he was in the boat when George Washington crossed the Delaware, and he instantly replied: 'Lor, massa, I steered dat boat.' 'Well,' said I, 'do you remember when George took the oath at the cherry tree?' He looked worried a minute, and then, with a beautiful smile, said: 'Why, suah, massa; I dun drove dat hack myself.'—Washington Star.

London's Deluge of Soot

A year's observation at four stations in the metropolitan area has revealed some astounding facts as to the soot-fall of London, which is the prime cause of the fogs. At a station in the city it was found that the total amount of deposit falling annually was no less than 74,050 tons, including 4,000 tons of ammonia, about 8,000 tons of sulphates, and 3,000 tons of chlorine in chlorides, besides carbon and tar. The sootfall in Westminster was slightly lighter, and at the suburban station of Sutton in Surrey, it proved a negligible quantity, showing that the outlying districts enjoy something like immunity from the foreign elements in the London atmosphere. The enormous chimneys of the metropolis are, of course, responsible for this appalling output of chemical matter. To read the figures would suggest that the London air is insupportable, yet the remarkable fact is that the metropolis is one of the healthiest cities in England.

More Than Fair

A noted lawyer of Tennessee, who labored under the defects of having a high temper and of being deaf, walked into a courtroom presided over by a younger man, of whom the older practitioner had a small opinion.

Presently, in the hearing of a motion, there was a clash between the lawyer and the judge. The judge ordered the lawyer to sit down, and as the lawyer, being deaf, didn't hear him, and went on talking, the judge fined him ten dollars for contempt.

The lawyer leaned toward the clerk and cupped his hand behind his ear. "What did he say?" he enquired. "He fined you ten dollars," explained the clerk.

"For contempt of this court?" said the clerk.

The lawyer shot a poisonous look toward the bench and reached a hand into his pocket.

"I'll pay it!" he said. "It's a just debt!"—St. Louis Star.

That's True

"Selling your home to buy an automobile. What will you do without a home?" "Won't need none after I git the auto; wouldn't never be there, anyhow."—Houston Post.

OBITUARY NOTICES

Rhodes—The death occurred yesterday, at her home in Oakland, Cal., of Mrs. Charles L. Rhodes, widow of the late Mr. Charles L. Rhodes, of Cleveland, Ohio, and mother of Mr. John Pease Babcock, of this city. The deceased lady was well known in Victoria, having lived here with her son from 1904 to 1910. She was 86 years old at the time of her death, but notwithstanding her age was in full possession of all her mental faculties. Her death was sudden and unexpected. Mr. J. P. Babcock left yesterday for Oakland.

Marwick—The death occurred at the family residence, 630 Princess ave., yesterday morning, of Mrs. Annie Marwick, aged 86 years. The deceased was the widow of the late Mr. David Marwick, was born in Tongas, Alaska, and had been a resident of Victoria for the past 60 years. She was in good health until about two months ago, when she had the misfortune to break her leg. Her accident, at her advanced age, hastened the end. The deceased lady is survived by two foster sons, Messrs. W. R. Clark and William Martin, of this city, and two daughters, Mrs. Herman Smith and Mrs. W. J. Trew, also residing here. The funeral will take place tomorrow at 2.30 p. m. Rev. C. M. Tate officiating. Interment will be at Ross Bay.

AMUSEMENTS

"Maude Adams in 'Chantecler'—The cast containing the characters who take part in Rostand's barnyard fantasy, 'Chantecler,' in which Maude Adams is to be seen at the Victoria Theatre Saturday matinee and night, proves interesting reading. The programme, indeed, seems like the inventory of the live stock of a well-to-do farmer; nothing is missing. First and foremost on the bill is Chantecler, the stately cock who lords it over all of the others in the barnyard. Then there is Patou, the faithful watchdog, and following along come the blackbird, the peacock, the nightingale, the carrier pigeon, the great horned owl, the kite owl and the latter's mother. Further along there is the hen peasant, the guinea hen, the white hen, the turkey and his hen, the magpie, the cat, the rabbit, the game cock, a woodpecker and a pointer. There are all kinds of turkeys and hens, including the old matron who brought Chantecler out of his shell. There are geese, a butterfly and a spider. Of course there are frogs and toads, for they all have a place in a barnyard. Then there are the fancy cocks, the fellows who are always looking for trouble, and who make their appearance at the reception given by the guinea hen in a corner of the kitchen garden. At this reception all of the fowls and birds make their entrance through a hole in the fence and are all announced, just as members of society are announced at lumpy-tum receptions at which fashion wears a pleased, even if it is a bored, expression. All of the birds, fowls and animals are symbolical of people of the times, the symbolism being clear and unambiguous. Prominent in the big company are Josephine Victor as the hen peasant, Marion Abbott as the guinea hen, Margaret Gordon as the white hen, Lucy Prendergast as the nightingale, George Henry Trader as the dog, William Lawers as the blackbird, R. Payton Carter as the turkey, A. Lionel Hogarth as the peacock, Ernest Rowan as the great horned owl and Allen Pavcett as the pointer. The costumes are all colorful and picturesque, and the simplest of them are more expensive than the ball gown worn by the average woman of society.

William Hodge in "The Man From Home"—Every line of "The Man From Home," in which William Hodge is to be seen at Victoria Theatre tonight, was written on the beautiful terrace of the Hotel Regina Margherita at Sorrento, Italy. There, both Tarkington and Harry Leon Wilson, the authors of the play, sat day by day and drew their local color and inspiration together while building the drama. The character of the Russian convict, Ivanov, which is so prominent in "The Man From Home," is drawn from life. Mr. Tarkington encountered a man in Thessaly while touring that country in an automobile. He had escaped from Siberia nine months before, and after untold hardships, had penetrated so far south in an effort to get aboard an English ship at some of the Mediterranean ports.

Empress Theatre—It was baseball night at the Empress theatre last night, and the fans gathered in numbers in addition to the usual patrons for the players of both Sees and Indians, both the Victoria and Spokane aggregations, were there in their strength to enjoy a good performance. The Five Musical Nosses, a quintette of the cleverest of musicians and dancers, present a brilliant spectacular act entitled "In Old Seville." The staging is representative of a gala day in the old Spanish city, and many musical instruments, including some of the old-fashioned type which were used in the days of oldtime Spain are played. Uno Bradley, as brilliant a comedian and monopolist as any on the boards of the western stage, kept the large audience merry with his clever narratives, witticisms and characterizations. Some of his parodies were splendid. The Three Dixie Girls, a party of singers who dress their act superbly, affecting the costumes that were in vogue in the south before the war, presented an excellent singing act. Their repertoire, including both popular and old time melodies, was most pleasing. Richard Wally, a juggler of unusual merit who includes some difficult and interesting tricks in his act was loudly cheered as were also Grenier and La Fosa, a French couple, who present a comedy acrobatic number. The two athletes are not only clever acrobats, but bright comedians, and they keep up a run of comedy while doing their gymnastic and tumbling tricks. The motion pictures brought the well balanced bill to the end.

Crystal Theatre—The change of vaudeville for today is a good one in fact a little above the average, and that is saying a good deal as you will concede as we have been having some exceptionally good acts the past few weeks. "The Three Musical Nosses" is a musical number supreme, introducing Adelbert Miller, the world's most wonderful one armed musician. This act is a very expensive one, and we are very fortunate in securing it for this time, very few acts of this kind being seen on the smaller time. Advance reports highly recommend this act to any audience, and we know you will be pleased. The single on the bill is a winsome young lady in singing and impersonations and imitations. For the week end this will be one of the best vaudeville programmes we have yet had. The pictures today are a well balanced programme as you can judge for yourself. "The Carrier Pigeon" by the Kalem company is a novelty in western pictures. A carrier pigeon is used to inform friends that a man is in danger from a band of Indians. "Fisher Folks" is a biograph love story of the fisher folks in a picturesque village near the rock. It is a tale of a love that is born of coquetry, and the love that is born of a true heart and clearly points out the difference between them. "Wrasses, Dog-Fish, Sole and Gurnet" is an educational. "She Never Knew" is a biograph pathetic picture of a little sick girl and her grandfather. "Laughing Gas" is the comedy giving us the unconscious ad-

ventures of a man who wouldn't wake up. Pictures from 1.50 to 5.50 and from 5.50 to 11, vaudeville from 2 to 4 and 7.50 to 11. No matter how hot it is outside or how many people there are inside you will always be cool in the Crystal. The act is completely changed every five minutes. Come early and get good seats or come to the matinee. Three reels of pictures and two acts of vaudeville for ten cents.

Williams' Stock Company Returns—The Williams' Stock company, which played here all last summer to good houses, is coming back to Victoria, and will open next Wednesday at the A. O. U. W. hall in "The Lion and the Mouse." This company delighted local theatre-goers with their wholesome, high-class drama and comedy and they have every reason to expect a repetition of the success they met with on their previous visit, as the personnel of the company is unchanged. Mrs. Dave Williams is here in advance of the company.

How English Beauties
Keep Faces Youthful

Christian Miller, P. C. I., noted English health expert, attributes the early aging of American women mainly to the "national nervousness." The women of England she says, can teach us the inestimable lesson of repose. Another valuable lesson to be learned from the English women is that she does not go in much for cosmetics, the continual use of which must ruin any complexion. The beauty devotees of King George's realm have the mercurial wax habit, a more wholesome method of keeping the face girlish-looking and healthy. Ordinarily uncolored wax, used like cold cream, rejuvenates the worst complexion. American women may easily acquire the habit, this wax being obtainable at drugstores generally in the United States. It is applied at night and washed off in the morning. One ounce is sufficient to completely remove a bad complexion. It has a peculiar action in keeping the face free from the particles of dead and devitalized "scurf" skin which are constantly appearing.—Woman's Herald.

The Quebec nominations will compete in the final trials direct. After these trials the athletic team will be selected by the Olympic committee from the above names and called to Stockholm before July 14, the date of closing of the Canadian entries.

TAGALIE FIRST IN DERBY YESTERDAY

Sweeper II, American Favorite, Falls to Get a Place—Winners of Provincial Sweepstakes

EPSON, Eng. June 5—Tagalie won the Derby this afternoon without being closely pressed; this earning for her owner \$22,500.

Ridden with consummate judgment by Johnny Reiff, the filly jumped off in the lead, followed by Orchestration.

That's pulling them out of the fire! exclaimed Manager Joe Cohn as he walked towards the bench after the noise had died away. If it hadn't been the way it did there are one or two of the Indians who would have received a grilling. Cooney likely would have got it, although he did, in a measure, redeem that misa of an easy ground drive by a sensational four fly catch.

Seven of a lead when the eighth dawned and yet to lose! Baseball surely is a bundle of uncertainties.

This was to have been a picnic of victory, but—As the immortal Shakespeare once wrote: "You can never sometimes always tell until the door is locked." Mr. Kiddo Wilson, the talented hurler, had kept the door locked tight for seven merry stanzas. He had allowed but three scattered lops, and the foe could not break in at all. Then it happened. The climax came when the usually talented young short-stop, whose wondrous fielding when the curtain was rung down the previous day will be talked of as a future generation, stuck their aeroplanes outside the ballyard, juggled the easiest kind of a pop fly with two down and let the winning run across the platter for the foe. This was the chief factor in making this a tale of woe rather than a picnic victory. His Ump, Mr. Moran, who is a possible comical, but an awful umpire, contributed largely.

Mister Moran is a sightless Ump. He cannot see the play. And what we think about his "work" We're too polite to say.

This was the chief factor in making this a tale of woe rather than a picnic victory. His Ump, Mr. Moran, who is a possible comical, but an awful umpire, contributed largely.

Mister Moran is a sightless Ump. He cannot see the play. And what we think about his "work" We're too polite to say.

It couldn't be said. Even Eddie Gleason said he could think it, but he couldn't speak it.

The final score was 8 to 1, and the hefty end was held by the enemy. As has been remarked all was merry as a marriage bell until the eighth began. Then Wuffli drove a liner which was just outside the third base. Mr. Moran shouted "Fair ball!" Tumult.

Shouts of defiance. Mr. Wuffli on first base. Zimmerman hit to Rawlings and he whipped the ball to Keller for an easy double; but Keller hadn't recovered his anger concerning Mr. Moran and he dropped it. Both safe.

Cartwright bounced one high over Weed—the luckiest kind of a scratch—and scored Wuffli. Ostle hit over second and scored Zimmerman. De Vogt came as pinch hitter and flew out. Myers beat a punt, and clogged the bags.

Two runs were in, one was down, and the bases were full. But as there were seven runs to worry, and the meek kin was five, the peanut-eaters had not begun to worry. When Cooney fanned they saw less reason than ever for any anguish. When Mr. Moran called three strikes on Johnson all "balls," and he hit the next to right scoring both Cartwright and Ostle, making four runs, the anguish was not great. There was still a tidy margin—so they thought. And when Zimmerman came in across the platter on a passed ball, making it five in that painful canto there was still no grave anxiety. The Bumbles were still two to the good.

In the ninth the tragedy began. This is a part to be read with that slow, weepy music. Zimmerman had scratched safe, and was on second because of a passed ball. Grindle had taken the place of Herr Meek as receiver owing to Mr. Meek's digit being dislocated by a fast one in the seventh. Two were out. Then Mr. Moran got in his work in deadly earnest. It resulted in Mr. Leonard being given a walk. Then De Vogt hit to the palms and sent Zimmerman and Leonard to the platter to tie the score.

A Case for Tears

If you have tears to weep prepare to weep them now. Myers put up a nice little fly to Rawlings who stood waiting for it with a smile like that of the grey cat watching the broken bird case. It dropped right into his lunch grabbers. Horrors! It didn't stay in the aforesaid lunch-grabbers. It rolled on the terra firma, and before the usually peerless performer could realize that it had collided with the real estate De Vogt had crossed the pan with the winning run.

The Bumbles went heavy-hearted to the battle, but they couldn't recover the lost money, and the Indians took it away with them—and ungenerously forgot to thank Mr. Moran for his valuable services in their aid.

The Early Stanzas

Until the seventh the Bees were playing in their usual air-tight style, holding fast and doing their share of run getting. In the first Wilson fast peg to Weed caught Johnston off the first bag, and the fans were delighted. It was a pretty exhibition. In the second the Bees scored a couple. Keller hit Merritt sacrificed, and when Cooney—who also has some off-days—let an easy grounder roll between his pedals on Rawlings hit Keller scored, and Wilson's hit pushed Rawly on to third. Then fox Mr. Ostle tried to make a play that looks well, when it looks well. Wilson stole and he pegged quick to Cartwright for a return throw.

but Rawlings was too fast and beat it to the plate. Two runs.

In the sixth a similar play cost the Indians more runs. With two gone and Weed on Merritt hit to centre, sending Weed to third. Merritt stole and Ostle pegged quick to the pitcher, who juggled the peg and Weed got in, while Merritt went to third. Rawlings was safe, stole, and Ostle didn't care to make any further attempt. However, Wilson lifted a Texas leaguer over first and scored both Merritt and Rawlings. Then Brennan was hit and walked, and Stadler hit, filling the bags, but Kennedy couldn't tap the pill safe, and the stanza ended with only three runs.

In the seventh, after Meek was walked, Weed drove a hot one through third advancing him to second. He was out on a hit and run play that didn't come off, and then Keller hit the pellet over the fence for a homer, scoring Weed in front of him.

Meek's Broken Finger

Mr. Meek was put out of the game in the last of the seventh, his finger being dislocated. Mr. "Pinky" Grindle relieved him. Then came the eighth—the delay. In those two fatal stanzas the hated foe gathered in no less than eight runs, ably assisted by his Umps and the rout his work occasioned among our previously all-star athletes. All of which teaches us that grand larceny may take away a game even though the larceny has been turned in the lock, and also that until the last fly is caught the contest is not at an end. For, sometimes—

'Tis hard to nab
The wobbling fly,
For when you grab
It jingles by.

You close your hands,
You've got to caught;
And then it lands.
You've got it—no.

Today, despite Herculean efforts of Mr. Wattle and others to have a continuance of the encounter on our own bive, the warring Bumbles and Indians will journey to Seattle to complete the engagement at Mr. Dugdale's pill box in Seattle.

The official log of yesterday's tragedy, follows:

HILLS GET BEST OF CAPITAL NINE

Intermediate Amateurs Engage in Close and Very Exciting League Ball Game

The Beacon Hill Intermediate baseball team opened the season last evening by defeating its old time rivals, the Capitals, by the score of 7-5. It was a pitcher's battle and Bob Steele, in the bottom of the argument, but Tonnely is deserving of great credit for the game he pitched for the losers.

The Capitals had it over the Hills during the first part of the game, and it looked as if last year's champions were due for a defeat, but with the second inning the tide turned and at the end of the fifth the Hills managed to bunch a few hits, with the result that sufficient runs were put across to enable them to go through with a win.

Capitals took the lead in the first innings when, after having disposed of the Hills in one, two, three, order, Pike pulled a home run. They scored another two in the third on hits by Croghan, Shields and Townsley. Their last run came in the seventh, when Shields came through with a two bagger, stole third and, when Milne was sent in to run for him and came home on as good a steal as could be worked by any leaguer.

Hills Blow to Start

The Hills were slow to start. In the first innings only one man reached first, and that was Newitt, who got life on being hit on the head by a pitched ball, which put him out of business for a few minutes. The score was tied in the second when Gray reached first on a fielder's choice, stole second and came home on Falconer's single. No further scoring was done until the fifth, when Falconer started off by scoring a double, and not only prevented from having home run by the fact that one of the swings got in the way of the ball otherwise it would never have been found. Steele followed with another double, scoring Falconer and scoring when Pulcher fumbled the ball. The seventh proved to be the lucky innings for the Hills. Steele led off with a single, stole second and Tom Casey reached first on an error. Ward struck out and Newitt came through with a double. Pat O'Rourke got life on an error, and Bill Morrison was sent in to bat for Gray, and succeeded in scoring both Newitt and O'Rourke. A double play by Shields to Bray retired the side, but the Capitals were unable to add to their score.

Pitching a Feature

For the Hills Bob Steele struck out fourteen and allowed five hits, walked one and hit two. Townsley was also very stingy with hits only seven being made off his delivery, two bases on balls and one hit by pitched ball. The heavy hitting for the Capitals was done by Shields and Pike both getting two hits out of four times at bat. Falconer and Steele were the leading hitters for the winners, getting a single and a two bagger apiece out of three times at bat.

Pinkie Grindle acted as umpire, and gave satisfaction to every one, being also much impressed with the playing of some of the players.

BOB FITZSIMMONS PRAISES BURNS

Veteran of King Visits Tommy in Calgary and Declares Canadian Former Champion is Credit to Business

Bob Fitzsimmons, who is here in connection for the anticipated re-organization of his "Fight for Love" company under local management, thinks well of Tommy Burns both as a fighter and a man.

"I sparred with him a few times in Australia," said Fitz. "He is a fine little fighter, strong and shifty with a punch that counts when it lands, and as game as they make them. What's more Tommy is a credit to the business. A great many fighters are shiftless and unpunctual fellows, and while on the other hand there are many real gentlemen in the fight game it's seldom that one meets such a fine type as Tommy Burns. Besides having a fine ring record, Tommy is a gentleman and a progressive business man, and I admire him for his success both as a pugilist and as a leading merchant of this city."

Fitzsimmons is not at all backward in expressing his opinion of the Johnson-Flynn fight at Las Vegas on July 4th. While he thinks Johnson is running a big risk of getting into trouble in fighting so far south, where, any black man is held in small esteem, he doesn't figure that Flynn has a chance with the champion when it comes to battling for the title.

"I'll tell you frankly," he stated, "I don't see anything in it but Johnson. He is Flynn's master in every department of the game and can tick all the white hopes and black hopes that you can line up from one end of the continent to the other. That's my opinion, and I guess I can say with due modesty that it should be worth something."

English Champion Boxes

NEW YORK, June 5.—Matt Wells, the English lightweight champion and hundreds of spectators, were surprised tonight when Young Brown, an English lightweight, knocked the Englishman off his feet in the first round of a ten round bout. The blow was a clean left swing to the jaw. Wells was up in a couple of seconds and although he had the better of the fight as a whole, he found Young Brown strong and clever. The fight was fast and the Englishman getting in three blows to Brown's one, but the young East-sider fought gamely. Wells was cautioned for using his head and hitting in the break-away. Wells weighed in at 140½ and Brown at 137.

A Priceless Gift To Free "Black Cat" Smokers

To those discriminating men of Canada who appreciate Virginia cigarettes of first quality—to the men who smoke "Black Cat" Cigarettes—we make the following offer:

In exchange for 50 coupons—one of which is now in every "Black Cat" packet—we will give a Coronation Cigarette Case.

It is hard to describe the beauty of these cases—their value is almost without price. For they are one of the most exquisite souvenirs of the crowning of our British Rulers.

100,000 of these cases—with the portraits of King George and Queen Mary in colours, inset,—have already been distributed among our English smokers.

Now we want to make a similar gift to our Canadian patrons. And this is your opportunity.

Mind you, this is no inducement to smoke "Black Cat" Cigarettes. For this brand needs nothing of the sort.

Our gift offer is a token of our appreciation of patronage. And this token, as well as the cigarettes themselves, are products of British labor, financed by British capital.

This alone should mean much to you who know the integrity of long established British enterprises.

Behind this offer is the firm of "Carreras"—one whose integrity has been famous throughout England for over a century.

When purchasing "Black Cat" Cigarettes, please see that the sealing band around each packet is unbroken. In every packet you will find one Coronation Cigarette Case Coupon. Save these, and when you have accumulated 50, mail them to the address below. Your cigarette case will reach you by return post. Address:

REMARKABLE JUMP OF WESTERN ATHLETES

NEW YORK, June 5.—George Horine, the sensational high jumper of the Pacific coast, who recently hung up a world's record of six feet seven inches, battered that mark in practice today at Traverse Island, the summer home of the New York Athletic club, leaping the remarkable height of six feet, eight and one quarter inches. Horine's great jump will not go on record, although it was accurately measured with a steel tape, as it was not made in a contest. It was, nevertheless, the greatest unaided leap for height an athlete ever made.

COWICHAN ELEVEN WINS FROM BURRARD

Island Cricketers Take Game From Vancouver Team on Lattin's Grounds—The Score

The Burrard and Cowichan cricket teams played at Vancouver on June 3, Cowichan winning a pleasant game by 95 runs. The visitors batted first, and opened with Townsend and Drake, who, playing nice cricket, gave them a good start. Murphy, coming in second wicket, hit hard for a pretty 51, though he should have been caught after getting 30. The hundred was haltsed with only two wickets down. Townsend's invaluable 42 was obtained in very finished style. Later, Brooke Smith, Hilton and Hayward (H. B.) all made useful additions. Of the Burrard bowlers, Ivamy was most successful, getting four for 28. Burrard, on going in, fared badly. Murphy bowling brilliantly. He obtained nine wickets for 37, and this on an excellent pitch. His length was very accurate. Killick (25) played a plucky, uphill game for some time. Hayward, behind the stumps, only let one bye.

Burrard, following on, played lively cricket, getting 185 for eight wickets. Ivamy's share (78) keeping a tired field very busy. Score:

CUPID'S VICTORY

Eastern Press Attributes Con Jones' Seeming Triumph in Securing Newsway Lalonde to Winged Cherub

In the opinion of the eastern press Con Jones, of Vancouver, cannot claim the credit of winning "Newsway" Lalonde for the west. They attribute the victory to that ubiquitous little creature "Cupid." The Telegram says: "Con Jones talks long and loud of the great victory that he achieved over the Big Four when he took Newsway Lalonde West with him. He continues his oratory with the statement that he will not have any further dealings with the D. L. A. and glowingly refers to the Lalonde incident as the turning point in the Lacerose war. Recent tidings from the coast, however, indicate that it was not Mr. Jones that scored high in the 'battle,' and there is a small cherub who goes by the name of 'Cupid,' who was the real winner.

"When Bob Fleming and the Big Four decided that they would have Lalonde at all costs they figured that the fight would simmer down to a matter of dollars and cents. Little did they dream of waging war on the little 'guy' with the glowing wings, nor did they take into consideration the difficulty that they would encounter in severing the heart ties that bound the former Cornwall youth to Vancouver. The secret is out, however, and the announcement is made that Edward C. Lalonde is to be married on June 8th to Miss MacDonald, a winsome Vancouver miss, whom Lalonde met on the coast some years ago. The friendship that sprang up between them ripened into love, the date for the wedding having been decided upon when Lalonde was a member of the Vancouver hockey club last year.

Jones of Little Concern

"Newsway sent forth a story a few weeks ago that he would never come East again. Well, with everything that he holds dear, on the sunny Pacific, it is not to be wondered at that he has forsaken the East, also the Big Four, for his new home. Congratulations are being extended to Lalonde by the Big Four players, while Con Jones, 'great victory' dwindles to insignificance in the face of the real facts.

Another Lacerose Romance

"The same may apply to a popular Toronto home player, who, though wanted on the east, has decided to remain in the East. A wedding notice, within the next fortnight, will enlighten his friends on his decision to remain in the Queen City."

David Spencer's, Limited, June Sale News for Friday

Better Values Than Ever in the Women's Waist Department. See Window Displays

Another Lot of Handsome Silk and Muslin Dresses at \$13.75

WHAT charming dresses! Aren't they beauties?" This is the way that many of our customers expressed themselves about these dresses when they saw them, and many have been easily sold at a very much higher price than you'll have to pay on Friday.

To inspect these dresses is to be convinced that they were never intended to be sold for less than \$20, and you'll readily see that the saving is considerable to the woman who buys them.

Just the kind of cool, light and airy dresses that you'll like to wear during the warm weather, and you'll find them very useful for evening wear, so there's lots of good use to be had out of them.

In silks there are blacks, light and dark blues, browns and pongs, some plain and others with attractive little patterns in white.

There are high and round necks to choose from. Some have deep lace yokes and cuffs, and others are with frills of lace or piping.

Your Choice at \$13.75

On Friday There's a Special Sale of Flowers in the Millinery Department

LIVELY interest will be shown in this sale, at least if rare values have not lost their attractive power.

There's lots of difference styles and colorings to choose from. All are new, the very latest on the market, and choosing should be an easy matter.

This is the strongest value that the millinery department has offered for a very long time, and even if you wish to purchase a large quantity, we cannot afford to sell at a lower figure. They are right down to rock bottom price now. Per bunch on Friday 50c.

Boater and Snap Brim Hats for Men

ONLY 50c FOR REGULAR 75c GRADES TODAY

ALL sizes are here, and at such a low price there will be a rapid sale. It's not necessary to say much more than this about hats like this price. You'll be willing to pay the full price, but we have a much larger stock than usual, and are determined to reduce it.

YOUR CHOICE AT 50c

Twenty-Five Men Will Save From \$2.50 to \$5.50 on a Smart Suit —Today

ONLY twenty-five suits are in this lot. They are broken lines that we are determined to clean out rapidly, and the man who secures one will have a bargain that will delight him.

They are values that range from \$15 to \$18, and are to be had in tweeds and worsteds. Of course, there are several different colors and patterns to choose from, but we haven't got all sizes in all lines.

You'll find the style and tailoring well up to the mark, in fact better than the average suit that you buy for \$18.

See the samples in the View Street windows and form your own opinion, and remember that 8:30 a. m. today is the time when the sale commences.

Great Bargains in the Waist Department —Friday

EVEN BETTER THAN LAST WEEK'S SALE VALUES

Values From \$3.50 to \$7.50 for \$2.90
Regular \$3.50 Waists Are to Be Sold at \$1.90
\$1.50 and \$2 Grades to Be Cleared at \$1

SUCH a wide variety is here that we have had to use two of our large windows on View Street, next to the entrance, to show them. Every waist is an unusually good value, and should help to make the June sale a bigger success than ever before.

No matter what your taste may be, you are sure of finding a style that will please you. There are all sizes here, but not in each style. See the window display for further particulars. At \$2.90 there is a fine assortment to choose from. The materials include rich, plain silks, shot silks, muslins, marisettes, pongee, and all-over laces lined with silks. As to colors, practically everything that is popular this season is included, while the styles are so varied that a detailed description is out of the question. In the silk lines there are scarcely two alike. The muslin and marisette waists are beautifully embroidered and trimmed with lace insertions and lace edgings. High and low necks, short, long or three-quarter set-in sleeves are represented. Regular values from \$3.50 to \$7.50, all to go at **\$2.90**

\$3.50 Waists Are Marked at \$1.90

LINENETTES, flannels, zephyrs and fancy muslins are the chief materials that these lines are made of, and there's dozens of different styles to choose from.

The woman who is looking for an opportunity to buy a few useful waists at a small cost need look no longer. Here's the opportunity—don't miss it.

A Smart Plain Tailored Style. Made of strong linenette. Has a slight one-sided effect. It fastens down the centre, has tucks on one side and plain, except for a patch pocket, on the other. Has laundered, link cuffs and a detachable laundered collar. June sale price **\$1.90**

A Novel Style. Made of linenette. This has a pleated front and pleated cuffs. All the pleats are stitched with black cotton, giving the garment a smart and dressy appearance. Has fastening down the front through a box pleat that is trimmed with a small lace frill on either side. The laundered collar is trimmed with a black and white band. June sale price **\$1.90**

Other Plain Tailored Styles are here, some with all-over pleated fronts.

Striped Flannellette Waists. Just a few of these are included. They come in a variety of colors, have soft, turndown collars, turnback cuffs, and fasten down the front. A big value at **\$1.90**

Striped Zephyrs. An assortment of different colored stripes are here. They are good, useful waists, made in the plain shirt style. Have soft cuffs and laundered detachable collars. Vesting waists made in the same style are to be had. June sale price **\$1.90**

A Great Variety of styles in fancy muslins are here to choose from. They are beauties. You wouldn't expect to get them for less than \$3, but they are marked at **\$1.90**

You Can Buy Waists That Were Made to Sell at \$1.50 and \$2 on Friday for \$1

THIS should be great news. If we advertised that we were giving away \$2 bills for a \$1 bill, what a rush we should have. Of course, men, women and children would rush at an offer of that kind.

However, here's an equally good offer, and it appeals to women only, so that will reduce the crowd, but we expect to have a tremendous crowd all the same. Such values as these can't last long, so be here when the store opens on Friday morning and avoid disappointment.

There are muslins trimmed with wide or pin tucking, Valenciennes lace insertions and edgings, while most of them are beautifully embroidered. Some have Dutch necks, others have high or round necks, and a few have handsome sailor collars. Both long and short sleeves are here, and you'll find some useful lines of linenettes and nets included.

SEE THE DISPLAY IN THE TWO LARGE WINDOWS ON EITHER SIDE OF THE VIEW STREET ENTRANCE.

Still Many Coats That Were Sold Regularly at \$20 and \$22.50 to Be Sold at \$10.75

EVERY coat is right up to the minute in style, and is a quality that will bear a critical examination.

Tweeds and plain cloths are the main materials, while the colors and patterns include plain blues, greys, fawns, browns, etc. The tweeds come in a variety of mixtures, and of course there are checks and stripes to be had.

Some have a side effect, while others have large collars or the neat, mannish collars and revers. We invite you to inspect the showing in the View Street windows. But if you have the time, you'll find the showing in the department much more interesting.

Almost all the models are so different that a description can't do justice to the garments.

Not a single garment was made to sell at anything like this low price, and we don't expect such values to last very long.

Boys' Suits at a Big Reduction Today

75c For Strong Wash Suits for Boys That Should Cost You \$1.00 or More

CHOSE from Buster, Russian or blouse styles, made of strong prints, ducks or crashes, and save at least 25 per cent on your purchase.

This sale starts promptly at 8:30 a. m. today, and affords a splendid opportunity for you to furnish your boy with a smart and summery suit that will please him immensely and save you much expense.

The collars and cuffs are in many fancy styles, all are fast colors, and the suit will stand all kinds of hard wear and washing. Did it ever occur to you that one of these suits will save more than double its cost, by saving his better cloth suit?

All sizes for boys from 3 to 8 years old, and your choice at, per suit, 75c.

Boys' Double-Breasted Suits in Tweeds at \$3.50, Another Big Line For Today's Selling

FOR the boy who tries to look smart and mannish, but occasionally forgets to consider his clothes when there's fun to be considered. That's just the style of boy that these clothes were made for. They are smart in appearance, have good tailoring from collar down to the bottom of the pants, and even the most insignificant inside process is carried out in a workmanlike manner.

This is why they will keep their shape for such a long time, and the materials being a strong, summer weight tweed, they will wear like leather. Surely this is an offer that should interest all thrifty parents.

The sizes range from 24 to 34 and there are several different patterns and shades to choose from.

A VERY SPECIAL BARGAIN FOR TODAY. PRICE \$3.50
